

CUSTOM ATTRACTIONS

Delivering custom rides and innovative attractions to the top theme parks of the world

Our passion and experience is creating world-first, one-of-a-kind attractions that evoke an emotional and life-changing experience for riders. We have a proven track-record of delivering custom rides and innovative Custom Attraction to the top theme parks of the world. We leverage our experience with Heavy-Duty Motion Bases, Show Action Equipment, and Custom Coasters to help riders emerge into the thrill of flight, driving, or to experience popular attractions with their own senses.

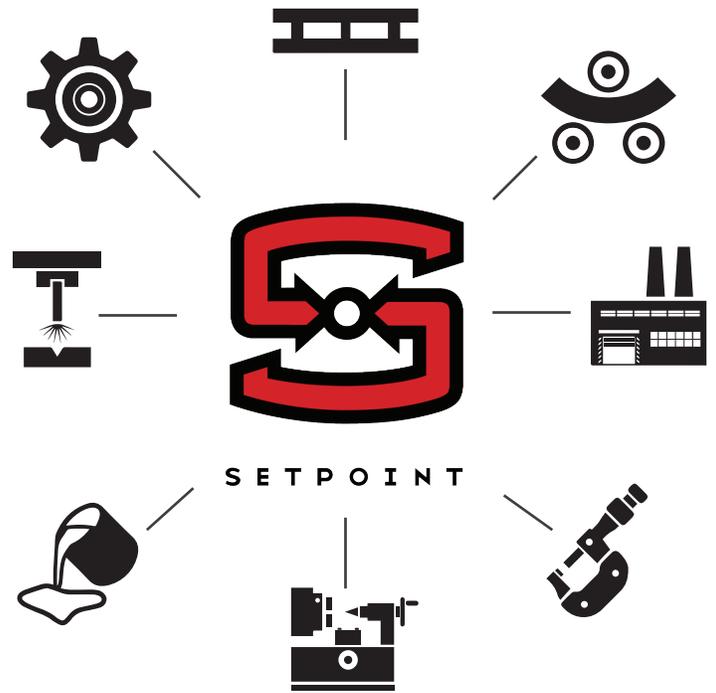

SETPOINT

CUSTOM ATTRACTIONS

For 25+ years Setpoint has been a partner in progress for the top amusement brands in the world, to bring world-first attractions to market. Together with our partners and clients, we create the **Genius Within** by applying hundreds of thousands of hours experience, consistent hard work, and proven integrity to meet scope, schedule and budget objectives,

Setpoint uses proven and tested technical project management processes that results in top-of-industry reliability and the highest ride up-times for our clients.

We also eliminate in-field operational risk through a seasoned and experienced staff of engineers. Starting from white-paper concepts, our engineers develop and prototype critical safety and mechanical designs, conducting hours of internal and Factory Acceptance Testing. Setpoint is relentless in finding all options and opportunities for operational improvement, well in advance of the ride installation at the customer's site.
